2016 SUBMISSION Cabernet Sauvignon

You know those bottles that bring you to your knees? This is one of them. Backstory: One of the better wine agencies in Toronto, Halpern Enterprises, went to California to scout a \$20 Cab that kills it- and they came back with this very serious find. With a crushed velvet mouth feel- all polished on top and plush underneath- this wine draws you in with flavors of ripe mixed berries, café latte, smoked plum, milk chocolate, toasted tobacco, and vanilla cream. Elegant yet slightly brooding, this wine is a steal.
